

The South Australian Sheep Industry Blueprint

An initiative of Livestock SA and the SA Sheep Advisory Group

Please join us for a combined workshop comprising

1. Project development: reducing the impact of Sarcocystis and Toxoplasma in sheep production systems.
Dr Ryan O'Handley, Veterinary Parasitology, University of Adelaide
2. SA Sheep Industry Blueprint update
3. Southern Australian Meat Research Council (SA) consultation.
SAMRC is the mechanism where red meat producers can advise MLA on research and industry development priorities.

When: Tuesday July 26th 7-9pm with supper to follow

Where: Parndana Sports Club

Dinner: schnitzel + salad & chips from 6:15pm (mention when RSVP)
